

# CSCI 3000 DA (Web Programming)

Fall 2018

Homework 2

---

1. Create 2 different external css styling files for a basic HTML web page. This web site should be different to the one you have created for the homework 1 (10 points). All styling should be external. To see some examples of types of styling check “CSS Demo - One HTML Page - Multiple Styles!” from the link:

[http://www.w3schools.com/css/css\\_intro.asp](http://www.w3schools.com/css/css_intro.asp)

Consider the following for designing the stylesheets:

- Different colors (for background, text, headings, etc) (8 points)
- Different font families (8 points)
- Different layouts (12 points)
- Different navigation bar (12 points)
